

MoN11

The Eleventh Mathematics of Networks Meeting

University of Warwick, 20th July 2012
Deadline for abstracts: 1st June 2012

This interdisciplinary series of meetings allows networking researchers from many backgrounds to meet and exchange ideas in an informal atmosphere. Previous meetings have had presentations from topics including biology, road transport, urban planning and telecommunications networks as well as applied mathematics. The meeting is completely free but registration via email beforehand is compulsory. The theme is "Complex Networks" but presentations on any topic with a mathematical treatment of the study of networks are welcome. This meeting is sponsored by the Mathematics Institute, University of Warwick.

Invitation to speak

MoN is a great opportunity to present your ideas to a wide audience. Attendance in previous years has been around fifty. Please email abstracts to the addresses below by 1st June 2012. Abstracts on the meeting theme of "Complex Networks" will be given priority but all abstracts on topics related to the mathematics of networks are welcome.

Organisers

Keith Briggs (keith.briggs@bt.com)

Richard Clegg (richard@richardclegg.org)

Colm Connaughton (C.P.Connaughton@warwick.ac.uk)
